Learning

Noah Veltman | @veltman

Specialization has costs.

Different contexts.

Different assumptions.

Translation problems.

Why is the newsroom different?

Noah Veltman | @veltman

Why is the newsroom different?

What's possible changes fast.

Interactives blur lines between design, development, editorial.

Short, unpredictable deadlines.

Cringeface

Warning: symptoms may include blown deadlines, missed opportunities, unrealistic specs, low morale, wasted time, and constant last-minute emergencies.

What we do about it?

Noah Veltman | @veltman

Teach everyone to code?

Noah Veltman | @veltman

Stop treating code like magic.

Learning Lunches at the BBC

Less how, more why.

Noah Veltman | @veltman

It's really hard to get people to ask questions.

Do it live.

Noah Veltman | @veltman

This is not just for developers.

This is not rocket science.
